TRY TO STOP TWO ROADS IN WALKER

Forty-six Taxpayers File Remonstrances Against Mull and Wissing Highways.

CONTRACTS ALREADY AWARDED

Petitioners Plan Counter Stroke When State Highway Commission Holds Hearing.

Remonstrances have been filed in the county auditor's office against the John M. Wissing et al. and the Thomas K. Mull et al. highways in Walker township, as was predicted when the contracts for the two roads were let on Tuesday, January 10.

The contract for the Wissing road went to Harshman and Jarrell of Frankfort for \$16,730 and the contract for the Mull road was awarded to A. F. Hooten and company of Greenfield for \$22,959. Both roads were to be built of gravel with the exception of about 100 feet of cement in Manilla on the Mull road. The Mull highway runs south out of Manilla and the Wissing road north.

The signatures on the two remonstrances, forty-six in number, are identical. The remonstrators set out that it is illegal to build roads over either of these right-of-ways because there are petitions pending for both of them.

This contention is based on the fact that the first petitions for these two highways were not dismissed when the second ones were filed. The first petitions were filed in 1912 but the roads were never built because of the advance in the cost of road material, which made it impossible to construct them within the estimate. The plans and specifications were changed last year, the contract let and the bonds issued, but bond attorneys refused to approve the issue because the roads had not been readvertised when the specifications were changed. The attorneys ruled that to make the bonds legal, the roads should have been advertised just the same as if the petition had been filed for the first time.

The attorney for the Wissing and Mull roads filed new petitions after the bond issue was ruled out, but did not dismiss the old petitions because it was feared that other road petitions from Walker township might get in ahead of the Mull and Wissing roads. It is declared that this fear is without foundation because the law instructs the commissioners to build first the road which has a judgment against it.

This would have given the Mull and Wissing roads priority over all other Walker township petitions because of judgments rendered for viewers' and engineer's work and advertising and printing expenses.

The remonstrances will be heard by a representative of the state board of tax commissioners at Manilla or Rushville. Those who want the roads built plan to combat the remonstrances by circulating a petition and obtaining the signatures of scores of Walker township citizens who want to see them built.

DIRECTS ROAD PUBLICITY

C. S. Lee Here Over Sunday Enroute From Chicago to New York

Clifford S. Lee, of Passaic, N. J., formerly editor of the Daily Republican, who, together with Mrs. Lee, spent Sunday here with his parents, Mr. and Mrs. Edwin Lee left at noon today. He stopped off here after attending the National Good Roads Congress in Chicago. Mr. Lee is now director of the Highways Information Service, 99 National Association building, New York City, and in that official capacity took a prominent part in the good roads meeting, which was attended by 21,000 delegates. The former Rushville man had charge of the publicity for the meeting and also served as chairman of the resolutions committee.

He formerly edited a newspaper at Peterson, N. J., but retired from that position to take up the highway publicity work. He still retains his interest in the newspaper.

STARS IN HOME TALENT PLAY

Frank B. Muir Complimented For Part Played at Roswell N. M.

The following extract from a clipping from the Roswell Daily Record of Roswell, New Mexico, giving an account of a home talent musical comedy given there by the Kiwanis club to raise funds for the local council of the Boy Scouts, will prove of interest to Rushville people:

"The success of the show was due in no small measure to the splendid work of Frank B. Muir of Rushville, Indiana, who is making his home in Roswell. Mr. Muir's work in the chorus was splendid and his impersonation of the blase society man in the cabaret scenes was superb. The Kiwanians were very fortunate to secure a man of Mr. Muir's calibre to help put their production across and no doubt, Mr. Muir will be called upon frequently in the future to take part in amateur theatrical productions."

TWO PACKED HOUSES INDICATED BY SALE

Plenty Choice Seats Left, However, it is Announced For "Oh, Oh, Cindy!" Both Nights

REHEARSALS AT NIGHT ONLY

The reserved seat sale for "Oh, Oh, Cindy!" to be given Wednesday and Thursday nights at the Graham Annex auditorium, under the auspices of the local post of the American Legion, which opened at Oren's pharmacy this morning, indicates that the show will enjoy two packed houses, but it was stated at noon by the managers of the play that there were still a number of choice seats left. Their predictions for crowded houses both nights were based on the demand for seats when the reserved seat plat was opened. There was a double line of people extending through the store and out into the street.

R. G. Wood of the John B. Rogers Producing company, who is directing the play, announced today that final rehearsals for the whole cast will be held tonight and Tuesday night at the Graham Annex auditorium and that no more rehearsals will take place at the Social club. The entire show will be put together both nights, starting at seven o'clock, and the orchestra will be present to practice the score with the members of the cast. All afternoon and night choruses must be present for both rehearsals, Mr. Wood stated. A dress rehearsal will be held Tuesday night.

TEMPERATURE LOWEST REACHED SINCE 1920

Mercury Lacks 1 Degree of Hitting Zero And is Expected to Beat That Mark Tonight

RISES VERY SLOWLY TODAY

Sunday night was the coldest night on record for the winter, and also was the coldest reached since 1920, when it came within one point of hitting zero, and indications are that tonight will again establish a new record, as predictions assert that it may be between 5 below and 5 above during the night.

The mercury last night dropped to one above zero, which was nine degrees colder than any temperature reached during the entire year of 1921, as ten above was the coldest recorded during that year.

The mercury climbed slowly this morning when the sun came out bright, but at ten o'clock it was only 9 above and at 12:30 it had reached 14. Cloudy weather was indicated tonight, and continued cold for Tuesday with the lowest in this area hovering near zero by morning, if not slightly below. In the northern district, it is predicted that the mercury may fall as low as ten below during the night. Springfield, O., reported below last night, which was the coldest in this area. Indianapolis was 2 above.

HARDING OPENS FARM CONFERENCE

Outlines Comprehensive Program for Meeting Grim Reality of Agricultural Conference

MAKES 7 RECOMMENDATIONS

Would Extend Cooperative Marketing, Increase Capital and Prevent Price Fluctuations

By JAMES T. KOLBERT
(U. P. Staff Correspondent)

Washington, Jan. 23—President Harding opening the national agricultural conference here today, outlined a comprehensive program for meeting "the grim reality of the present crisis in agriculture."

Warning that if the nation fails to aid the farmer it will "precipitate a disaster that will affect every industrial and commercial activity," the president made seven specific recommendations to the agricultural leaders and related lines here for the conference. These were:

1—Extension for farmers cooperating market organizations. Harding endorsed indirectly legislation now pending in congress to exempt these organizations from the working of the anti-trust laws, long held to be one of the principal barriers to their growth.

2—Provision must be made for much greater "working capital" for the farmers. Means must be taken by the government and private business to insure that "turnover capital shall be generously supplied to the farmer and on as reasonable terms as to other industries."

3—The government must place more essential and scientific information at the disposal of the farmers and their marketing organizations.

4—To aid both the farmer and consumer, measures must be taken to prevent violent price fluctuations which result "from unorganized and haphazard production."

5—The farmers will be benefited by far seeing and wise transportation policies. In this connection the president recommended a greater use of waterways and suggested that eventually nearly all of the railways of the country be electrified. He also risked arousing the ire of eastern republicans by giving unqualified indorsement to the great lakes waterway project, recently framed by the international joint commission which would enable ocean liners to dock at great lakeports.

6—The fullest development of national resources through increased reclamation of arid cut over and swamp lands.

7—The nation must obtain a new conception of the farmers place "in our social and economic scheme" and must realize that the farmer of today is a combination of the expert scientist, the business man and the worker.

Secretary of Agriculture Wallace announced the selection of Representative Sidney Anderson, Minnesota, chairman of the joint congressional committee on agricultural inquiry, permanent chairman of the conference.

MRS. ELIZA MAUSNER DIES

Widow of John Mausner Expires Sunday at Age of 70 Years

Mrs. Eliza Mausner, age about 70 years, died Sunday night about 7 o'clock at the residence, 324 East Ninth Street, death being caused from a few days illness, although she had been in poor health for several weeks, but not seriously. The deceased was the widow of the late John Mausner.

Five grandchildren survive. The funeral services will be held at two o'clock Tuesday afternoon at the late residence in charge of Mrs. Emma Miller of the United Brethren church, and burial will take place in East Hill cemetery.

YEGGMEN BOW UP MONEY

Chicago, Jan. 23—Seventy-five thousand dollars in currency blown to bits when six yeggs cracked the safe of the National Tea Company, was shipped to the United States treasury today for redemption. The bandits escaped with \$700 in coin.

CROSSING MISHAP BASIS FOR TRIAL

Hearing of Case Brought by Goldyn E. Grigsby Against T. H. I. & E. Traction Line Begins

SENT FROM HANCOCK COUNTY

Plaintiff Demands \$10,000 on Account of Death of Husband on the National Road

A suit in which \$10,000 damages is demanded, began this morning before a jury in the circuit court, the complaint being venued here from Hancock county, in which the plaintiff is Goldyn E. Grigsby and the Terre Haute, Indiana and Eastern Traction Company is the defendant.

There was not much trouble experienced this morning in securing the jury, as only a few members of the regular panel were excused. The case is expected to occupy the court for at least two days.

The plaintiff is the widow of Sherman W. Grigsby, who was killed by a traction car near Cumberland in August 1919, when a truck on which he was riding was struck by a west-bound car along the National road, and the plaintiff alleges that the traction company operated the car carelessly, which caused the accident.

In the opening statements this morning, the attorneys stated that the automobile truck was going east on the National road and at a point about two miles within Hancock county, the truck turned off to the south on another road, and as the truck turned it crossed the car tracks. Each side presented the location of the tracks to the jury and stated that the right-of-way of the track was unobstructed and that the truck was visible for a mile, so that the view could not be obstructed for either the motorman or the driver of the truck.

The plaintiff's attorney alleged that the crossing was rough and that the decedent in turning upon the crossing, slowed down, and that the traction car was speeding 65 miles an hour, and came upon the crossing from the time that the machine first started to turn.

The defendant's attorney stated to the jury that drivers of machines should be on their guard for cars, and he denied that the motorman failed to whistle, which was mentioned in the complaint.

The man who was killed was a truck driver by occupation. The traction car struck the rear end of the truck, wrecking it, and also causing

TO FILE CHARGE OF CRUELTY TO ANIMALS

State Fish and Game Commissioner Says Fox Round-Up Saturday Was Not Sport

ANIMAL CLUBBED TO DEATH

Indianapolis, Ind., Jan. 23—Charges of cruelty to animals will be filed against 1500 persons who participated in a fox round-up in Green county, Saturday, George N. Mannfeld, state fish and game commissioner, said today.

"The hunt for a square of fifteen miles extended into Greene, Sullivan and Daviess counties and converged at a point one mile west of Marco, in Greene county," said Mr. Mannfeld.

"As the fox ran from one side of the square to the other it was clubbed by hunters until it was dead. Moving pictures have been taken of these hunts and shown all over the country. This is the reason that the state department of the conservation has not been very active in protecting wild life.

"The fox hunt as staged in Greene county was like cruelty to horse or dog. Their action loses the element of sport. If the people would shoot the animal, this would be different. But this is cruelty, torture."

There will be another hunt in that locality Friday and the commissioner intends to have wardens there to watch the proceedings.

DEFECTIVE FLUE IS BLAMED

Fire at Residence of James Hobbs Causes \$150 Loss Today

A defective flue caused a fire loss estimated by the firemen at \$150 this morning at the residence of James Hobbs, 210 North Harrison, when the flue set the roof on fire and gained considerable headway before discovered. The fire was discovered about 8:30 this morning, and it was necessary for the firemen to cut holes in the roof in order to put out the flames. Water did damage to the household goods, but insurance is believed to partially cover the loss.

The dwelling is owned by Morris Winship. The alarm was telephoned to the department which responded quickly.

TO MAKE TWO-DAY TOUR OF COUNTY

Miss Mary Gladwin, Red Cross Nurse, to Seek Recruits For Nursing Profession

WILL SPEAK HERE TUESDAY

Miss Mary Gladwin, a Red Cross nurse who has seen active service in many foreign countries, will arrive in Rushville tonight or early in the morning to conduct a two-day nurse recruiting campaign in the county. She will be accompanied by either Miss Grace Ewing, county Red Cross nurse, or W. E. Wagoner, county superintendent of schools.

Miss Gladwin will cover the northern part of the county Tuesday and the southern half Wednesday speaking in most of the schools of the county. Tuesday's tour will be brought to a close with an address before the Graham high school in the high school assembly room Tuesday afternoon at 2:50 o'clock. This meeting will be open to the public and all persons interested in the movement are urged to be present.

Miss Gladwin will emphasize the importance of young women taking up the nursing profession and will point the opportunities for service which it affords.

Miss Gladwin has been decorated by four governments and has a wonderful record of public service behind her.

INSTITUTE WEEK CLOSES AT MOSCOW

Orange Township Farmers Enjoy Two Good Programs And Elect Officers for Next Year

MANY ENTRIES IN EXHIBITS

The series of farmers institutes in Rush county came to a close with the Orange township meeting at the Moscow Christian church. A corn show and culinary exhibit was held, in which cash prizes were awarded. There were thirty entries in the corn show.

At the beginning of the afternoon session, new officers were elected as follows: President, Hugh Archey; vice-president, Ernest Patterson; secretary, Claude Sliger, and treasurer, Elmer Hungerford. Paul Gosnell is the retiring secretary and Mr. Patterson was secretary for this year. In the woman's division, Mrs. Dorothy Hungerford was elected president; Mrs. William Ward, vice-president; Mrs. Clarence Tevis, secretary, and Mrs. Shirley Miller, treasurer.

Miss Lella Gaddis, Purdue extension worker who spoke at the other institutes last week, was called away Thursday and Miss Pierce of Knightstown substituted for her on the Moscow program. She spoke in the morning on "Conservation of Boys and Girls" and in the afternoon on "The Woman of the Hour". M. C. Johnston of Aurora spoke in the morning on "Live Stock and Permanent Agriculture" and in the afternoon on "Cattle". Donald Ball, county agent, also made a few remarks at the morning session. Several musical numbers and readings were given during the morning and afternoon.

BURIAL TO COVER A TEN DAY PERIOD

Services of Pope Benedict XV, Who Died Sunday Morning, to Begin This Evening

BODY LIES IN STATE TODAY

Tonight Will Rest in Vault at St. Peters—Thousands Kiss Foot of Dead Pontiff

By HENRY WOOD
(U. P. Staff Correspondent)

Rome, Jan. 23—The burial services of Pope Benedict XV with solemn ceremony extending over a period of ten days began this evening.

The body of the late Pope lay in state in the Sacred Chapel and was to be placed in the first of the three coffins in which it will be finally interred and tonight the body will lie in the vault at St. Peters.

Late this afternoon the doors of St. Peter's was closed to permit the actual burial services to open.

Worshippers passed by the grilled door of the chapel, kissing the foot of the dead pontiff which protruded through the chancel.

The body of Pope Benedict was removed to the sacrament chapel from the throne room of the Vatican at 9 o'clock this morning.

It had lain in state, visited by special dignitaries of the church and government since its removal from the bed chamber where the pope died at six o'clock yesterday morning.

Much of the age old ceremony with the death of the chief of the Catholic church had to be abandoned today in accordance with Pope Benedict's last wishes.

The Pope's body was not embalmed and the ceremonies of lying in state in the Vatican throne room and in the sacrament chapel had to be considerably curtailed.

Two days mourning with flags throughout Italy at half mast, and all amusement places closed, ordered for the first time in the history of federated Italian government, began today.

The official visit of minister Di Rudio, minister of justice in the Italian cabinet to the Vatican yesterday where he formally expressed condolences in the name of the government was also unprecedented. These events led today to a belief that the life aim of Pope Benedict, a reconciliation between the church and state might be imminent.

Ten days official mourning for Pope Benedict begins today and the conclave of Cardinals which will elect a successor to Pope Benedict XV has been summoned for Feb. 2.

Pope Benedict's request that his body be not embalmed upset much of the traditional ceremony connected with the death of a pontiff.

Originally the body would have been permitted to lie in state today at the Vatican until four o'clock this afternoon, 24 hours after its removal from the death chamber. Early today it was on private view with only the highest officials admitted to pay homage to the dead pontiff.

Thousands who might have taken part in the customary ceremony of kissing the Pope's feet, were disappointed, although other thousands were enabled to make their obeisance as the dead pontiff lay for a while in the sacrament chapel, his feet protruding through the chancel.

The actual interment of the Pope's body customarily takes place within 24 hours after it is first exposed to public view, but today this was hastened because of decomposition.

WOULD WITH-HOLD PACTS

House Republicans Will Ask Senate to Defer Action, Now

(By United Press)

Washington, Jan. 23—A demand that the senate withhold action on treaties growing out of the arms conference until the next session of congress will be made by the house republican leaders at the conference of majority leaders Wednesday, it was learned today.

The house leaders assert that if the senate attempts to dispose of senate ratification at this session congress will not be able to adjourn June 1 as the house desires.

WEBB GIRLS WIN

The Webb high school girls' team defeated the Carthage high school girls' team at Webb on Friday night, 22 to 12. The game was fast and exciting with Webb leading 13 to 11 at the end of the first half, and in the last part Webb took a spurt and nosed out Carthage, who made only a foul goal. The point makers were Mildred Carwein, Mary Frances Gibson, Elvira Mull and Aileen Riggs.

WONDERFUL HEALTH DISCOVERY

Medicine, a Thing of the Past for Weak, Thin, Nervous, Run-down, Anemic Conditions — Susto Concentrated Nutritive Tonic Food Work Better

Yes, it is true, and physicians admit that it is nutriment and dietetic treatment, not medicine, that people need who have become thin, weak, nervous, run down and anemic, and it will interest all our customers to know there has been tested and approved at one of America's greatest Medical Colleges a Nutritive Tonic Food Tablet known as SUSTO. It contains in concentrated form the essential strengthening, life-giving elements of yeast, rice, eggs and milk, together with beef protein, nucleus and iron, which are lacking in our daily food.

We are getting marvelous reports of how it is building flesh, health and strength for thin, weak, run-down people, and delicate children seem to jump into health by its use.

CUSTO is especially valuable to convalescents, to those who are losing weight, to puny, delicate children, and to men, women and children in general who show signs of a run-down system.

We feel confident our customers will do well to try SUSTO and if it does not do all we claim for it we will return your money.

Women Give Out

Housework is hard enough when healthy. Every Rushville woman who is having backache, blue and nervous spells, dizzy headaches and kidney or bladder troubles, should be glad to heed this Rushville woman's experience:

Mrs. Luther Wyrick, 1016 N. Arthur St., says: "Several years ago I was in bad shape with my kidneys, caused from heavy housework. My back was lame and sore and I couldn't stoop on account of the sharp twinges in my back and loins. My kidneys were weak and always felt dull and heavy. They didn't act right, either. I heard of Doan's Kidney Pills at that time and purchased a box at Pitman & Wilson's Drug store. They soon relieved the trouble. Since then I have used them as a kidney tonic with satisfactory results."

COAL RATES NOT TO BE CUT

No Reduction Before April 1, Secretary Hoover Announces Today

(By United Press)

Washington, Jan. 23—Secretary Hoover announced today that there would be no reduction in freight rates on coal before April 1, when the coal year ends. The announcement was frankly made for the purpose of stimulating buying storage by railroads and firms to meet an expected coal strike.

Hoover said there were many firms holding off purchasing coal in hopes of lower rates. The statement was made after a conference with members of the interstate commerce commission.

IN
"THE YELLOW TYPHOON"
BY HAROLD MACGRATH

The Girl and the Woman

Behind the Girl was the massed power of the Government. Her mission—hazardous in the extreme—tapped the very fountain of thrilling experiences.

Behind the Woman, the world-old power of captivating beauty and alluring manners. "The Yellow Typhoon" they called her in the Orient because of the wreckage she left in her wake — simple men who saw not her tigerish heart.

One day they met — the Girl and the Woman — like a lighted fuse and powder—and the issue between them was settled — as becomes the manner of the Female of the Species.

TOO MUCH NITROGLYCERIN

Yeggmen Blow Out Door of Safe Open And Wedge Inner Door Shut

(By United Press)

Dugger, Ind. Jan. 23—Robbers attempting to blow the safe of the State bank here at two o'clock this morning used too much nitroglycerin. The outer safe door was blown open but the inner door was wedged shut.

The burglars left tools amounting to \$300 when they escaped. When employes discovered the attempted robbery this morning, they found enough explosive in the directors room to blow up the town.

TRY TO STOP TWO ROADS IN WALKER

The petitioners believe that they can get as many times the number of signatures that appear on the remonstrances.

The petitioners maintain that the western half of Walker township is entitled to some new roads because all of the highways built in recent years have been in the eastern half

of the township, with one exception. They point out that much of the business in the western half of the township will go to Shelbyville instead of coming to Manilla and other points in Rush county unless the roads in that section are improved.

It was also hinted today that remonstrators are planning to object to the W. A. Norris road in Noble township after the contract is let on February 6.

Can You See Your Ribs?

"It wasn't that I wanted to get fat,—no, I just wanted to put on about 8 pounds more flesh, then I'd be just right. I've nibbled at diets, gorged big meals, I've haunted health resorts, been to fine climates, guzzled milk, buttermilk, olive oil, emulsions, swallowed pills, digestion aids, and a score of other 'won't-work' things. Finally, it dawned on me. None of these things was building up the new red blood cells I needed. I took S. S. S., the greatest red-blood-cell builder, firm-flesh producer, blood-cleanser known. I put on 7 pounds in a month, and my nerves, instead of strings feel like wires. S. S. S. has the world beat."

S. S. S. is guaranteed purely vegetable in its medicinal ingredients. Taxing Bonds

Financial conditions and heavy taxes have directed much attention to the proposed twentieth amendment to the federal constitution. It affects all taxpayers without regard to political affiliations.

Three resolutions providing for an amendment to permit federal taxation of state and municipal bonds have been introduced and referred to congressional committees.

They are all in harmony with the recommendation of President Harding's message to Congress.

"I think our tax problems, the tendency of wealth to seek non-taxable investment, and the menacing increase of public debt, federal, state and municipal—all justify a proposal to change the constitution so as to end the issue of nontaxable bonds".

The last resolution introduced, that by Representative W. R. Green of Iowa, is received with favor because it prohibits and discriminates between federal and state securities. The ways and means committee of the house has it under consideration. It would add as the amendment the following:

"That from and after the adoption of this amendment as part of the constitution the provisions of the sixteenth amendment to the constitution shall apply to and include income derived from securities thereafter issued or created by any stage or political subdivision thereof, or any dependency of the United States but taxes on incomes derived from such securities must be laid without discrimination in favor of income derived from other securities of the same term and general class issued or created after the adoption of this amendment as part of the Constitution".

Even towards it, some claim has its advantages in a way. It is an insurance against the marring of facial appearances.

The courts should hustle up and dispose of that Stillman divorce case. It is keeping too many other spasms in the background.

They say red tape in Washington is disappearing. Using another color perhaps.

MILROY TOO MUCH FOR WALDRON HIGH

Holds Visiting Team to One Field Goal Saturday Night—Final Score 31 to 8

SECOND STRING MEN WIN

The Milroy high school basketball team proved to be too much for the Waldron high team Saturday night on the Milroy floor, when the visitors lost, 31 to 8, and the second team from Milroy also went out over the Waldron second team, 19 to 10.

In the big game of the evening Milroy took an early lead and the first half ended 15 to 6. In the last half Waldron made two points on fouls, and were held to a lone field goal during the game.

The line-up and summary:
Milroy 31 Waldron 8
Cowan F Marshall
Houghland F Thomas
Swain C Schooley
Root G Madden
McCorkle G Ensminger

Substitutions, Milroy, Jones for Cowan, Palmer for Root, Cowan for Schooley, Copeland for Marshall, Palmer, Waldron, Hopkins for Field goals, Cowan 3, Houghland 5, Swain 2, Palmer 3, Madden. Foul goals, Cowan 4, Jones, Schooley 2, Ensminger 4. Referee B. J. Lewis.

LOSES ALL GAMES ON TRIP

The Carthage high school basketball team returned home Sunday from their barnstorming trip to the south when they lost three games to teams of Monroe and Lawrence counties. The game on Thursday night was dropped to Smithville, 70 to 12 and on Friday night they lost to Mitchell, 43 to 17, and the Saturday night contest was won by Oolite 37 to 14. The Carthage team had good floor work, but missed many shots at the basket and each game should have been much closer.

The Oolite team will invade Rush-

SANDUSKY TO PLAY EM ROES AT KNIGHTSTOWN

Fast Independent Five Will Attempt to Lower Colors of Indianapolis Stars Wednesday Night

CARTHAGE IN OPENING GAME

Knights town, Ind., Jan. 23—A great deal of interest is being shown in the probable result of the basketball game to be played between the Em Roes of Indianapolis and the fast Sandusky Independents, at the Knights town high school gymnasium, Wednesday night.

The Sandusky team is the pride of their community and have friends and backers all over the state. It is remembered that the Sandusky high school team won the sectional meet at Rushville last year and were strong contenders for the state championship at Indianapolis. The Marlow brothers from the high school team are now members of this independent team, R. Marlow, winner of the 1921 Gimbel Medal; C. Marlow center; Marlow flour guard; Turner, captain; Goodkins, considered the most consistent point maker in this territory; and Clark, the best back guard in Eastern Indiana make an aggregation that will give real battle to any team they meet.

The Em Roes have the following well known players that have made their team famous: Babb, Kline, Frankfort, and the Beherent brothers. These men will be on the floor and give all they have to win from the Sandusky lads.

The Carthage high school team will play the Knights town high school team as a curtain raiser for this game. Carthage has an unusually strong team this year, and this game should also furnish some real sport.

county for three games, when they play at Milroy February 16. Carthage on the 17th and in Rushville on the 18th, and Carthage expects to get revenge in the return game.

CARTHAGE TEAMS PLAY ON TUESDAY

Odd Fellows Will Tackle Yankee Five and Shamrocks Will Meet The Carthage Reserves.

BOTH ARE GOOD QUINTETS

Local Team is Out For Revenge For Defeat Carthage Gave Them Recently—Tourney Talk

Two Carthage basketball teams will be seen in action Tuesday night at the Modern Appliance "Gym" and fast contests are expected. The Carthage Yankee Five will hook up with the Odd Fellows Independents in the big game of the evening and the Carthage Reserves will play the Shamrocks in the curtain raiser. A big delegation of Carthage fans will accompany the teams to this city.

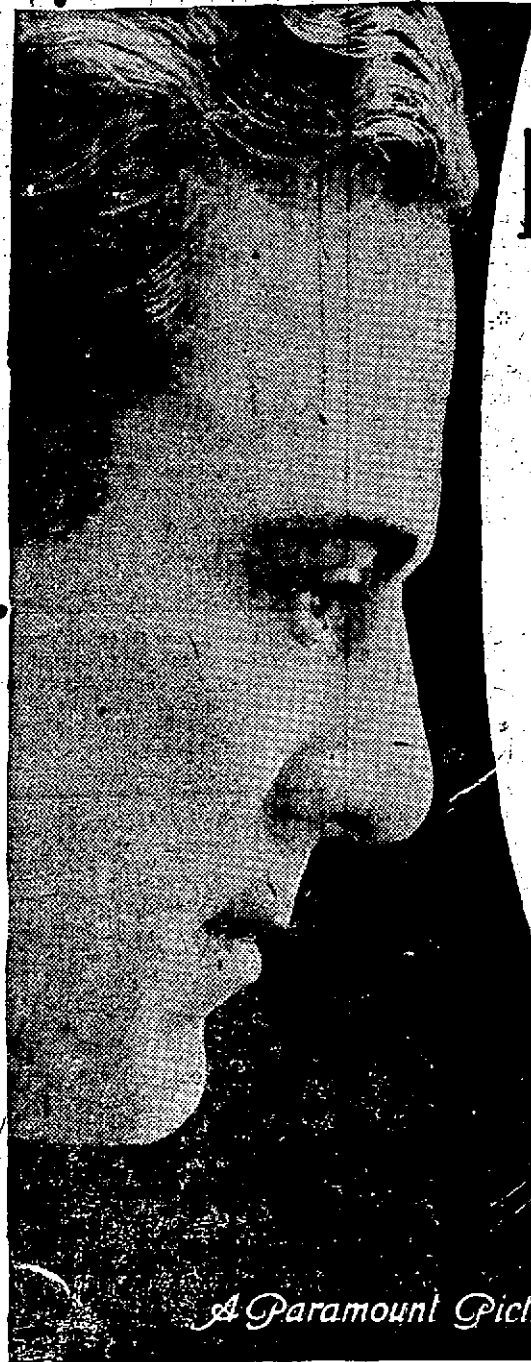

The Carthage Yankee Five has defeated some of the strongest teams of the state this season and took the locals into camp by a nine point margin in a game at Carthage several weeks ago. With the local aggregation in good shape they expect to even up the count tomorrow night and the game promises to be one of the best of the season. The Reserves and Shamrocks have each won a game and the contest tomorrow night will be the deciding one of the series. The first game will be called at 7:15.

Some fast teams will be brought here in the next few weeks it was announced today. The strong Sandusky Independents will be the attraction Tuesday night, January 31, and the following Tuesday, February 7 the Shelbyville Independents will play here, the third contest of a series with the Odd Fellows. Moscow and Fairview will play return games here later in the season and the strong Fairland club probably will play here Tuesday, February 14.

10 and 11 are being made and much interest is being shown in the event. Three counties will be represented in the tourney, Fayette, Union and Rush, and plans are being made for at least ten teams.

Teams in the district are all regarded as strong aggregations and basketball fans will be treated to some fast games. Arlington, Fairview, Milroy, Moscow, Manilla, Connersville, Liberty Rushville Everton and several other teams probably will be entered

in the play. Details of the tournament will be announced later.

High School Dope By MR. R. H. G.

"Havie Frazee, Captain of the basketball team; Horace Pearson, President of the High School Boosters Club; Rube Gray, official scorekeeper for the basketball games; Bill Pugh a player on the team; Jadda Sparks, another player; Bud Casady still another player; Jack Stewart, the newly acquired member of the team; and the editor of this column, motored to Milroy Saturday evening to witness the basketball between Milroy and Waldron.

Thirty-eight new students enrolled in the high school today. It looks like there ought to be at least one good basketball player and a couple of good looking girls among those thirty-eight.

Those thirty-eight can now say, "At last, we belong to a high school that has a first class basketball team!"

The excitement of the Rushville-Richmond game has now passed over, so with your permission, we'll print another Junior English poem. The following illustrates how hard it was for some of the members of the class to scribble a few lines of rhyme: A Poet yapping with lots of time Sat down to write her "required rhyme"

So first she took her pen, and ink And then she settled down to think. The theme of course, she first must know They say it's hardest—she found it so.

She thought of flowers, birds and bees, Even to ground hogs, grass and trees. At last the inspiration came Why just not write of anything, So please excuse her for don't you see

That poor little poet was poor little me. Irene A.

The press is certainly one grand little moulder of private and public opinion. An article published a few nights ago in the REPUBLICAN

urged the school officials to erect suitable scoreboards for the games. And on Friday night, to the surprise of all those present, a new score-board adorned each balcony in the gym. They reminded us of speedometers, but they are O. K., nevertheless.

P. S. Only those persons who attend the basketball games will appreciate the above. Moral: Attend the games.

We all re-enrolled today. In fact so many did that there wasn't enough seats in the Assembly room, and thirty Seniors had to take their books and move into a classroom. A number of the Seniors made dedication speeches in honor of their new Assembly room.

ARLINGTON WINS FROM CONNERSVILLE EAGLES

Athletic Club Puts Over Win Saturday Night, 54 to 13, Counting Almost at Will

TO PLAY I. O. O. F. THURSDAY

The Arlington Athletic Club defeated the Connersville Eagles at Arlington Saturday night, 54 to 13, a lop-sided basketball game that looked like Arlington's after the first few minutes of play. Arlington allowed their opponents to score only two points the first half while they put the ball through the hoop for fifteen points. Both teams fought hard and the game was closer than the score indicates. The Athletic club tossers pulled out in the front half, however, and the visitors never had a show.

Connersville used Lipps, Murphy, Gates, Trussler, Cooper, Merchant, Myers and McNutt in an effort to stem the tide, and Arlington made only one substitution.

With the Arlington aggregation going like it is, the Rushville Odd Fellows are expected to have some difficulty in putting over a win Thursday night when they play at Arlington.

The Arlington Athletic Club Juniors lost to the Homer Speed Kings in the opener, 27 to 19.

Lengthy Complications.
Debates may bring confusion
That will leave us sad of heart;
When you get to the conclusion
You can't quite recall the start.

Not So Many.
Mrs. Benham—I notice that the farmers always have a man for a scarecrow.
Benham—That's because they couldn't afford to dress a woman scarecrow.

One She Could Keep.
He—When you accepted Mr. Richleigh last night, did you mention our engagement?
She—Of course not. We promised each other to keep it secret, didn't we?

Ought to Register It.
"Careful business man, isn't he?"
"Careful? Why, say, once I heard him pay a young lady a compliment, and he automatically added, 'Will you kindly give me a receipt?'"

The Brute!
He—Are you going to do anything special tonight?
She (expectantly)—No.
He—Oh, well, you won't be tired then.

Conciliation Wanted.
"Is this the board of conciliation?"
"Yes. Have you some labor troubles?"
"No, but I thought you might send somebody to talk to my wife."

The Best Answer.
"Mother, how old are you?"
"I don't wish to state, but should any of the neighbors inquire, you may tell them that I was married when I was only eighteen."

Lew Shank Made Fatal Error When He Started To Get Lonesome Ones Together

Indianapolis, Ind., Jan. 23—Lew Shank, mayor of Indianapolis, who thinks there is no such thing as "single blessedness" threw away his Cupid bow and darts today and tried to settle back to normalcy.

But letters from mate hunting, widows, widowers, old maids and bachelors who saw hope in his intention to get all the lonesome ones together, continued to pour into the mayor's office.

A cave-man from Crandall, S. D. wrote:

"Am in need of a woman. What have you on hand?"

From Norwalk, Conn., came a letter saying the writer wanted a woman born either in June or August and adding:

"If an unmarried lady, one that has seen the knocks of experience. The blacker her past life, the more I could love her—in other words, one who has lived a fast life and wants to settle down and reform and forget her past life."

A man in Breedsville, Mich., wrote "I am a one armed man but able to take care of a good woman." From Centralia, Ill., a business man between 30 and 35 said he "feels young and spry."

A fair Juliet who signed herself

"Miss F. T. C., Mich" seeking an adventurer willing to blaze love's trail wrote: "He must be interested enough when you show him this letter to take the next train for T. C. Mich., to meet yours truly. And if he does not find me without any names mentioned from my description and love me at first sight, I will send him packing. Must not propose for six months, but must COURT. Send him along but only if he's a good one that the other girls like."

DEMAND \$30 JUDGMENT

James I. Holcomb, et al., are plaintiffs in a suit filed in Justice Stech's court against Fred Knecht, the complaint being on an account, demanding \$30 judgment, for a bill of merchandise, alleged to be overdue. The suit has been set for trial in this court on January 26 at ten o'clock.

MOTHER! MOVE

CHILD'S BOWELS WITH CALIFORNIA FIG SYRUP

Hurry mother! Even a sick child has the "fruity" taste of "California Fig Syrup" and it never fails to open his bowels. A teaspoonful today may prevent a sick child tomorrow. If constipated, bilious, feverish, fretful, has cold, colic, or if stomach is sour, tongue coated, breath bad, remember a good cleansing of the little bowels is often all that is necessary.

Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.

Increase In Weight!

MILLIONS of people all over the United States and Canada have not only been relieved of the most obstinate forms of dyspepsia and indigestion by the Tanlac Treatment after other remedies have failed, but many of them have reported a remarkable and rapid increase in weight and a return to normal health and strength by its use.

Although Tanlac's claims for supremacy are abundantly supported by the world's leading authorities, it is the people themselves who have really made Tanlac what it is. Millions upon millions have used it with the most gratifying results and have told other millions what it has done for them.

That is the REASON WHY Tanlac has become the real sensation of drug trade in the United States and Canada, and that is also THE REASON WHY it is having the largest sale of any medicine of its kind in the world today.

Tanlac is sold in Rushville by F. B. Johnson Drug Co., and by leading druggists everywhere.—Advertisement.

**Charges Against Modern Girl All
Wrong, Asserts Pretty Girl Mayor**

Dr. Amy Kaukonen, Chief Executive
of Fairport, Ohio, Says Some Folks
Are so Narrow That "There Isn't
Room to Stick Them Between The
Eyes With a Pin"

By KENNETH W. CLARK
(U. P. Staff Correspondent)

Fairport, Ohio, Jan. 23—Charges
against the modern girl are all wrong,
Dr. Amy Kaukonen, pretty girl mayor
of Fairport, told the United Press
in an exclusive interview today.

Too many of the people of today
have too narrow and too exacting
standards. Some folks are "so nar-
row there isn't room to stick them be-
tween the eyes with a pin", Mayor
Kaukonen declared.

"The modern girl is charged with
bobbing her hair, shaving her eye-
brows, powdering her nose, rolling
her stockings and discarding her cor-
set.

"Why shouldn't a girl bob her hair
if she wants to? Nobody sets up a
howl when the men do it and look at
the men you see in the front row of
the theatre and the back row at
church with a head as devoid of cov-
ering as an egg.

"Furthermore, I recommend a close
hair cut for every married woman, so
if hubby comes home all lit up from
moonshine whiskey and just asking
for a fight, he won't be able to get
such a firm grip on wife's hair when
the marital battle begins.

"The girl of today is criticised for
wearing short skirts. The majority of
women wear them, not to be bold, but
simply to be in style. I wear short
skirts myself and I don't see why a
girl should hide her ankles any more
than her elbows.

"Men are attracted to women by
the faults they condemn in them.
There isn't a man living who doesn't
approve of short skirts on some oth-
er man's sweetheart or wife.

"As far as the 1922 girl invited
censure by discarding the corset—
this is sheer nonsense and prudish.
Corsets, as every physician knows,
should have been abolished long ago.

"What do I think about dancing?
What is my attitude regarding mod-
ern jazz music?

"Well, the crash of the cymballs,
the moan of the saxophone and the
joyous melody of the violin always
makes me feel like moving my feet
so I certainly am not antagonistic to
dancing.

"Dancing is a custom sanctioned
by the Scripture and is as old as his-
tory. The return of the prodigal son
was celebrated with music and dan-
cing.

"When Salome started through her
per paces she made modern jazz
dancing seem like a prayer meeting."

CO-OPERATIVE IN 26 IND. COUNTIES

Marketing of Live Stock is Accomplished Through Shipping Associations in Many

WELLS MOST SUCCESSFUL

Producers Benefits in Lessening of Freight Expense and Obtaining Shorter Hauls

Indianapolis, Ind., Jan. 23—Farmers in twenty-six Indiana counties market their livestock by cooperative methods, officials of the Indiana Federation of Farmer's associations, said today.

Well county has had more success with this method than any other county they said. Cooperative marketing started there two years ago. Since then ten livestock shipping associations have been formed.

Porter county has twelve of these associations but they have been successfully established only a short time.

Other counties having the largest number of such bodies are Davies with five; Kosciusko nine; Grant eight; Marshall, seven; and Delaware four.

Where the associations operate the producers gets advantage by selling through men experienced in marketing. The associations have warehouses centrally located in the counties. The farmer has a short haul to the warehouse eliminating freight expense of shipping less than earload lots. The warehouse classifies the livestock as to grades to give the producer the benefit of classification. The warehouses or cooperative livestock shipping associations are grouped around a terminal market which ships direct to the packer. The farmers shipping in earload lots ship directly to the terminal market.

Earnings of the terminal market are prorated back to the members transacting business with the cooperative associations after deducting expenses.

Many livestock producers, the officials said are not in close enough touch with livestock marketing conditions particularly quotations—and the various market classes and grades of the stock to market it to an advantage. The purpose of the cooperative livestock shipping association is to market the livestock for its members under the rules on which they operate with a view of securing the highest market value and to reduce the cost of marketing to a minimum.

Members of the associations pay an annual fee and are actual producers of live stock.

GAS LEAK CAUSES 2 DEATHS

Indianapolis, Jan. 23—A leaky gas main caused two deaths here yesterday. Mrs. Anna Ulises, 69, and James Murphy, 66, slept their lives away while artificial gas poured from a disjointed five inch pipe. Mrs. Ulises had gone to sleep in a chair. Murphy and his wife were sleeping and Mrs. Murphy awakened but was unable to rouse her husband.

AMUSEMENTS

"A Prince There Was"

Thomas Meighan, Paramount star, is supported by Mildred Harris, former Lois Weber star in his new starring vehicle "A Prince There Was", which comes to the Princess theatre today and Tuesday.

Mr. Meighan puts over some strong emotional acting in this screen adaptation of the famous George M. Cohan stage success and Mildred Harris is a most capable leading woman. Mr. Meighan plays a rich young idler and Miss Harris a young writer, who formerly lived in luxury, but with her father's ruin and suicide is forced to write for a meagre living, with poor success. Little Charlotte Jackson, in the role of the little boarding house drudge, goes to the rich man and asks him to "intercede" for the girl, which the rich man does, pretending he is an assistant magazine editor and taking up quarters at the boarding house, where he soon falls in love with the girl.

But a broker, also in love with the girl, makes it appear that the prince was the man who caused her father's financial ruin and also exposes the fact that he had to buy the magazine to get her stories printed. This causes an estrangement which however is speedily patched up by the turn of circumstances and everybody is happy at the finish.

Other players of note in the cast are Nigel Barrie, Guy Oliver, Sylvia

Ashton, Fred Huntly and Arthur Hall. The picture was adapted by Walde-

mar Young and directed by Tom Forman.

10% Discount for This Week Only THE MASCOT

COMBINATION RANGE surpasses other ranges in another important particular. Years of study by experts have perfected a gas oven that is incomparably more EFFICIENT than any ever before devised.

In the MASCOT Combination Ranges, where coal or wood is used the heat still goes all around the oven, so in the Mascot combination the makers have fully realized their ambition to make a range that would be the last word in efficiency in the use of gas, coal or wood. Our years of study and experiment with the Mascot Range truly resulted in the greatest achievement known in the manufacture of ranges.

The Mascot Combination is ready for the use of either gas, coal or wood or ALL at the same time. When gas is used as a fuel it is ready for use when you turn on the gas.

No dampers or triggers, no cold spots in oven when using coal or wood. See the air in-take on the range. When you turn on the gas you open the air in-take and when you turn off the gas you close the air in-take.
